32" Standard Cable Cutter

Lightweight, yet efficient shear-type cable cutters.

Replaceable hook-jaw blades grab and hold cable while shear-cutting action makes clean cuts.

Exceptionally strong fiberglass handles with heavy vinyl grips for comfort and slip resistance.

Heavy-duty pins in head serve as blade-stops.

Jaws are forged tool steel with black-oxide finish for long life.

Beveled tips assure positive mating, and hinge on a rugged bolt with a pin-set nut to maintain proper blade tension.

Make a clean, even cut for ease in fitting lugs and terminals.

Not designed for cutting steel or ACSR.
